The Latest in Anti-Aging Science from Nu Skin

Nu Skin's anti-aging science targets not only the signs of aging, but also the SOURCES of aging to preserve the look of youth and reduce the appearance of aging.

ageLOC® Radiant Day SPF22

ageLOC® Radiant Day SPF 22 is a lightweight, daily use lotion that visibly brightens and hydrates the skin while fortifying against signs of aging for radiant, flawless skin.

Benefits:

- **Reduced skin discoloration:** helps reveal brighter, more radiant skin and reduced discoloration
- **UV protection:** provides broad-spectrum UVA/UVB protection from the damaging effects of the sun with SPF 22
- **Hydrated skin:** silky-smooth, non-greasy formulation absorbs quickly yet moisturizes all day long—perfect for use under makeup
- **Smooth skin texture:** promotes youthful cell turnover by 85% for a smoother, softer texture
- **Reduced appearance of lines and wrinkles:** reduces the appearance of fine lines and wrinkles by 45% for visibly younger looking skin
- **Reduced appearance of pore size:** reduces the appearance of pore size through youthful cell turnover

Key Ingredients:

- **ageLOC® Proprietary blend:** targets the sources of aging
- **Pea extract, bamboo extract, and glucosamine:** a powerful anti-aging ingredient blend that has been shown to reduce the appearance of fine lines and wrinkles and increase cell turnover resulting in visually youthful skin
- **Hexapeptide-2:** helps reveal brighter, more radiant skin and reduces discoloration
- **Jojoba and shea butter:** proven to strengthen the skin's natural barrier for stronger, more resilient skin

The Difference. Demonstrated.

Third-party Study Results: Subjects used ageLOC® Transformation twice daily for 12 weeks, including ageLOC® Radiant Day SPF22 every morning:

- 100 percent of the subjects started showing improvements in multiple signs of aging in only seven days as determined by a clinical grader.
- 100 percent of the subjects showed an improvement in overall appearance including fine lines, skin smoothness, and radiance as determined by a clinical grader after 12 weeks of use.
